Compact SDX® Nozzle Assembly

SDX® Accessories

Cone Faced Body

These are designed to prevent build up on the front face of the nozzle body. Available in angles to suit individual applications.

Butt Weld Adaptor

We offer the butt weld adaptor in a range of standard pipe sizes, configurations and lengths, with custom designs available upon request. Ensure that adaptor welds are carried out to the appropriate safety approvals and standards.

Check Valves

There are several versions of non drip check valves available for the SDX range of nozzles, please contact the factory for further information.

SDX® Nozzle Assembly

Seal Kits

We supply seal kits for the SDX Nozzles in various materials. Each kit comprises of 10 of each seal. Delavan recommends that seals are changed after each run.
